

The Loner

Golden Earring

They call me the loner
'cause I'm all alone
I've got nobody
I even got no home
I was born in Missouri
It must have been a very bad day
For my mom and my daddy
When they carried me away

They call me the loner
And I live by the day
I never never think about tomorrow
No place I wanna stay
They call me the loner
I went through all 50 states
I've got no friends
I even got no faith

Yes I'm sad and I'm lonesome
A paradise I've never seen
The last stop must be heaven
The one place I've never been
They call me the loner
'cause I'm all alone
I've got nobody
I even got no home

They call me the loner, they call me the loner
