

## This Is The Other Side Of Life

Golden Earring

Don't let your head hang down  
Try to raise it up to the sky  
This is life my friend  
I know it ain't far from dying  
Don't hide in mist all day and night  
To fade your scars and pain away  
The world is glass my friend  
Look at the other side of life today

Don't let your head hang down  
Try to raise it up to the sky  
This is life my friend  
I know it ain't far from dying  
Don't hide in mist all day and night  
To fade all the scars and pain away  
The world is glass my friend  
Look at the other side of life today
