

## Weekend Love

### Golden Earring

The sooner it will be the better  
Gonna have to see you right away  
It's been a long time since the day I met her  
I can't handle being without her one more day  
Gonna get the feeling that I'm going insane  
Feel so stupid using these old cliché's  
You better hurry up Baby, I ain't lying  
We're down to nothing but a waste of time  
Still remember everything she said  
Make no promises and make no debts  
All I want is just a one day weekend love

She sips her wine without a flinching  
She's in control of it all the way  
Looks so good, pretending that she's listening  
By the time I fall asleep, she's gone away  
She's got no mercy on a jealous heart  
And she said it all right from the start  
Make no promises and make no debts  
But I love that lady, I got to confess  
I want more than just a one day weekend love  
All she wants is just my one day weekend love  
I want more than just a one day weekend love  
All she wants is just my one day weekend love
