

Yes! We're On Fire

Golden Earring

Here we are, ready to run fast
And far better than anyone before
We chase the sun in the morning
We jump for gold
There are no losers in this game
Only winners participate
And you know I'm not a liar when I say

Yes we're on fire, Yes we're on fire
Yes we're on fire, Yes we're on fire

Silver, bronze and maybe gold
The blazing heat, the chilling cold
In this arena we all strive

To beat the records head up high
To break the records head up high

Yes we're on fire, Yes we're on fire
Yes we're on fire, Yes we're on fire

From javelin to boxing ring
From weightlifting to skating rink
Young and proud and passionate
Planet earth top athletes
The competition always fierce
With beating hearts and eyes so clear

To beat the records head up high
To break the records head up high

The sweat the tears, the blood we bleed
We are the living legends carving history
The flag that fills our hearts with pride
