

Can't Slow Down

Golden Resurrection

Feel the power rise again,
I feel the fire,
My passion never ends,
I am ready!
Are you ready?
Rock and Roll for everybody,
My inner passion never ends

I was born to rock the world,
Show the treasure land for everyone,
I was born to rock the world,
Every moment I sing I feel so alive

I carry on, can't slow down,
I will show the world,
The treasure I found,
I carry on, can't slow down,
Cause we're running out of time

Over thirty years ago,
The action hit me,
It's time to Rock and Roll,
I am ready!
Are you ready?
Rock and roll for everybody,
My inner passion never ends
