

## Can't Slow Down

Golden Resurrection

Feel the power rise again,  
I feel the fire,  
My passion never ends,  
I am ready!  
Are you ready?  
Rock and Roll for everybody,  
My inner passion never ends

I was born to rock the world,  
Show the treasure land for everyone,  
I was born to rock the world,  
Every moment I sing I feel so alive

I carry on, can't slow down,  
I will show the world,  
The treasure I found,  
I carry on, can't slow down,  
Cause we're running out of time

Over thirty years ago,  
The action hit me,  
It's time to Rock and Roll,  
I am ready!  
Are you ready?  
Rock and roll for everybody,  
My inner passion never ends
