

## Finally free

## Golden Resurrection

How far, how far will we go?  
We are so proud, one single mind!  
Soon our hearts will be dead  
There's nothing left and we turn stonecold  
We have to melt the ice  
Invite the spirit into your inner zone  
You'll find the fruits, the treasure  
You're not alone

We're hunting high  
We're hunting low  
Trapped in this cage  
Tell me God when will it end?  
Hear me now  
Hear my prayers  
Tell me when I'm finally free  
Finally free

The killer instincts, our egos has gone too far  
Where is the heart? Tell me man where is your heart?  
Time to facing the fire and deceiving the liar  
Jesus is the only way out!

We're hunting high  
We're hunting low  
Trapped in this cage  
Tell me God when will it end?  
Hear me now  
Hear my prayers  
Tell me when I'm finally free  
Finally free

We're hunting high  
We're hunting low  
Trapped in this cage  
Tell me God when will it end?  
We're hunting high  
We're hunting low  
Trapped in this cage  
Tell me God when will it end?  
Hear me now  
Hear my prayers  
Tell me when I'm finally free  
Finally free  
Finally free!!!  
Finally free!
