

One Voice for the Kingdom

Golden Resurrection

I can hear the sound,
Something in the air
Connection from another world,
The spirit in my heart
Been waiting for this day,
Heaven's symphony for all to hear

All hearts together as one,
There's music and there's Love,
In perfect harmony

No more suffering,
And sorrow in the World
The angels praise His holy name
The spirit in my heart
Been waiting for this day,
Heaven's symphony for all to hear

One voice for the Kingdom
One voice all glory to the King
One voice for every nation
One voice there is no stronger love
One voice for the broken souls
