

# One Voice for the Kingdom

Golden Resurrection

I can hear the sound,  
Something in the air  
Connection from another world,  
The spirit in my heart  
Been waiting for this day,  
Heaven's symphony for all to hear

All hearts together as one,  
There's music and there's Love,  
In perfect harmony

No more suffering,  
And sorrow in the World  
The angels praise His holy name  
The spirit in my heart  
Been waiting for this day,  
Heaven's symphony for all to hear

One voice for the Kingdom  
One voice all glory to the King  
One voice for every nation  
One voice there is no stronger love  
One voice for the broken souls
