

## Another Fine Day

Golden Smog

To bad you got a chip on your shoulder  
Your broken but hey  
Its never too late  
Try to run  
Your just another year older  
Still ready to fight  
Look who's on your side

Woke up  
Can't find your direction  
Another fine day  
Woke up  
Can't find your direction  
Another fine day

You put one foot in front of the other  
And drift through the maze  
Of golden haze  
[unknown] birds darting out in anger  
[unknown] out across the plains

Woke up  
Can't find your direction  
Another fine day  
Woke up  
Can't find your direction  
Another fine day

Don't drowned your self in sorrow  
You had a fall from grace

Another fine day  
Another fine day  
Another fine day  
Another fine day

Woke up  
Can't find your direction  
Another fine day  
Another fine day
