

## Looking Forward To Seeing You

Golden Smog

Looking forward to seeing you  
In the sunshine of my time  
In a station off the coastline  
Coming in view

Looking forward to seeing you  
In that one room down the hallway  
With two doorways and a window  
Without a view

It all comes in threes  
I purchase six and I still got three

Looking forward to seeing you  
Where the sun shines off the coastline  
In a station on your time  
Coming in view

Looking forward to seeing you  
In that one room down the hallway  
With two windows and a doorway  
We can't get through

It all comes in threes  
I purchase six and I still got three

Looking forward to seeing you ...
