

Lets go down, together
3 A.M tomorrow night
I'll take you over anything

Lets go out, together
Broad daylight in the street
I'll take you anywhere

Your music fills my car
Your voice breaks every time
I'm still wonderin'
If I know who you are
I hang on every line

Lets go down, together
Down by the old mainstream
Ill take you over anything

Lets go back in time
Nineteenfiftynine
Ill take you, Radio King

Your music fills my car
Your voice breaks every time
I'm still wonderin
If I know who you are
I hang on every line
