

## Radio King

Golden Smog

Lets go down, together  
3 A.M tomorrow night  
I'll take you over anything

Lets go out, together  
Broad daylight in the street  
I'll take you anywhere

Your music fills my car  
Your voice breaks every time  
I'm still wonderin'  
If I know who you are  
I hang on every line

Lets go down, together  
Down by the old mainstream  
Ill take you over anything

Lets go back in time  
Nineteenfifty-nine  
Ill take you, Radio King

Your music fills my car  
Your voice breaks every time  
I'm still wonderin'  
If I know who you are  
I hang on every line
