Goldfinger

So you're just barely getting by not hurting no one Sometimes you think that you're alright sometimes you have fun But on the way someone confronts you and tries to shut you up You're having trouble at your home you want to get out But you've got nowhere else to go You gotta get out

But on the way someone confronts you and tries to tell you that

You're going nowhere with your life! whoa You better listen to what's right! whoa But don't you see that I can't hear you! HEY! HEY! HEY!
