

# Don't Say Goodbye

Goldfinger

I know the way that I have picked apart at you  
And i know the way that I've had less than you're used to.  
Lets try to find a way that we can work it out.  
Don't say what I cant bear to hear.

Don't say goodbye yeah yeah  
Just one more try yeah yeah

I know the way my insecurities can grate.  
I'd hate to judge myself against my perfect mate.  
So when I'm actin' strange dont give up on all hope.  
Don't say what I cant bear to hear.

Don't say goodbye yeah yeah  
Just one more try yeah yeah

Well after all I'm telling you.  
Don't waste your time, I will be home soon.

Don't say goodbye yeah yeah  
Just one more try yeah yeah

Don't say goodbye yeah yeah  
Cuz I swear i'll try yeah

After all I'm telling you. dont waste your time  
I will be home  
After all I'm telling you. dont waste your time,  
I will be home soon.
