

Margaret Ann

Goldfinger

Now once again
They never seem to listen much at all
Once again
They always seem to make you feel so small
Margaret Ann

I know you sometimes worry
I know you want everything right
And you want to make everyone happy
You never wanna see another fight
Cuz I know you well Margaret Ann

Now once again
They never seem to listen much at all
Once again
They always seem to make you feel so small
Margaret Ann

I know it seems that they're out to get you
I know it seems that they attack you blind
But I hear
You're stronger than that
I'm here to tell you that you're doing fine
Cuz I know you well Margaret Ann

Once again
They never seem to listen much at all
Once again
They always seem to make you feel so small
Margaret Ann

Cuz I know you well Margaret Ann

Once again
They never seem to listen much at all
Once again
They always seem to make you feel so small
My Margaret Ann
They never seem to listen much at all
Once again
But everybody sometimes has to fall
Margaret Ann
