## **Spank Bank**

Goldfinger

I never felt as sick as I do now I never felt so alone The walls around confine me like a cell And so I feel like a dirty old man

I gotta break away from Escape away from Just make my way right out this place I try to break away from it Escape away from it Make way right outta this place

But my feet are stuck And my half a buck Is wasted on this machine And I'm never coming back

To the spank bank of lust Gay, straight, bi-curious Just makes me furious Spank bank of lust 32 Channels I don't wanna see a She-male fucking

We'll maybe I do Just a little bit
