

# Uncomfortable

Goldfinger

'Cause I could show you loveable and sit another hour with you.

Sympathy, I need a little sympathy.  
You ask me what I wanna be, I wanna little time with you.

If I could just see you again, i'd show you who I am.  
If I could be with you again, i'd show you what, i'd show you what is

Uncomfortable, I wish I was comfortable,  
'Cause I could show you loveable and sit another hour with you.

Apathy, I wish that wasn't half of me.  
I hope it's not the end of me, just wish i'd never made it come true.

If I could just see you again, i'd show you who I am.  
If I could be with you again, i'd show you what, i'd show you what is

Uncomfortable, I wish I was comfortable,  
'Cause I could show you loveable and sit another hour with you.  
(I could show you)  
And sit another hour with you. (I could show you)  
And sit another hour with you. (I could show you)  
And sit another hour with you. (I could show you)  
And sit another hour with...
