Goldfinger

In my life, been all the places
That I dreamed of since I was a kid
Bury the past, I'm getting on with
Things I never thought I'd get through

So now I know

I don't know anything
Except I notice that
You're still here
I don't want anything
Well that's a lie because
I want you here with me

I made mistakes, I've done some things
That I just wish I could go back and change
But now I'm here, and now I know that I
Can learn from those things that I've done

So now I know

I don't know anything
Except I notice that
You're still here
I don't want anything
Well that's a lie because
I want you here with me

Don't want it back
I like who I've become
I'm right on track
I'm feeling half as young
As I did when I was a kid

In my life, been all the places
That I dreamed of since I was a kid

I don't know anything
Except I notice that
You're still here
I don't want anything
Well that's a lie because
I want you here with me

So now I know
