

It's a blue, bright blue Saturday, hey hey  
And the pain is starting to slip away, hey hey

I'm in a backless dress on a pastel ward that's shining  
Think I want you still  
But there may be pills at work

Do you really wanna know how I was dancing on the floor?  
I was trying to fool you when I'm crawling up that door  
And theres a tune at things you say that you don't do  
Why don't you wreck?

I was feeling lonely, feeling blue  
Feeling like I needed you  
Like I'm walking up surrounded by me

But there may be pills at work

How did I get to accident, emergency?  
All I wanted was you to take me out high  
And I was feeling lonely, feeling blue  
Feeling like I needed you  
Like I hoped you'd call and hoped you'd see me
