

# Forever

Goldfrapp

Here I wanna be a stranger  
Drift in and then out, just linger  
Slow motion u fall, like a blossom  
Way out there on a star, nova lazy

Life, love, just to life  
Love, love, life, life

Write it down  
But don't send the letter  
When it shines it's forever  
Here I wanna be a stranger  
Way out there on a star, nova lazy

Life, love, just to life  
Love, love, life, life

Just don't leave me here  
Just don't leave me here
