

Hunt

Goldfrapp

It's your head, it's your heart
Lost somewhere, missing parts
Wedding bells, second time
One more tale, one more cry

Tell us nothing, tell us lies
Revelations no surprise
Tonight the hunt for you
Tell us nothing, tell us lies
Only passion that you have
Tonight the hunt for you

Every night, every day
Making plans for your escape
All you love you destroy
Everyone is your toy

Tell us nothing, tell us lies
Revelations no surprise
Tonight the hunt for you
Tell us nothing, tell us lies
Only passion that you have
Tonight the hunt for you

Tell us nothing, tell us lies
Revelations no surprise
Tonight the hunt for you
Tell us nothing, tell us lies
Only passion that you have
Tonight the hunt for you

You tell nothing too late
Lies, you tell lies
You tell nothing too late
Lies, you tell lies
