## Laurel

## **Goldfrapp**

Looking for light A golden light Red red hair And almond eyes

Searching for love A wallet's hot The price is right It's money for love

Looking for light A golden light With your red red hair And almond eyes

Laurel you came here

Looking for light A golden light With your red red hair Your almond eyes

Strange how he's cold Behind the smile An angry mind Don't wait for tonight

Lying for lies A golden lie Your red red hair Your almond eyes

Laurel you came here Laurel came here

Fear is a fog Rolling in and around

Laurel whispers from inside Laurel running out of time
