Goldfrapp

La, lovely 2 see u  
La, lovely 2 see u

A wonderful place to be  
The birds are singing  
The dreams that are sent to me  
Everyone's waving  
But there's no noises  
The smell of your skin  
The glittering lights of hell  
I'm missing sin

La, lovely 2 see u  
La, lovely 2 see u

I wanna get out of here  
Inhale your sky  
A beautiful place to be  
So I don't know why  
They're selling us something  
I don't need  
They're selling us something, babe  
You shouldn't believe
