

# Ooh La La

Goldfrapp

Dial up my number now  
Weaving it through the wire  
Switch me on, turn me up  
Don't want it baudelaire  
Just glitter lust  
Switch me on, turn me up  
I want to touch you  
You're just made for love

I need la la la la la la la  
I need ooh la la la la la  
I need la la la la la la la  
I need ooh la la la la la

Coils up and round me  
Teasing your poetry  
Switch me on, turn me up  
Oh child of Venus  
You're just made for love

I need la la la la la la la  
I need ooh la la la la la  
I need la la la la la la la  
I need ooh la la la la la  
I need la la la la la la la  
I need ooh la la la la la  
I need la la la la la la la  
I need ooh la la la la la

You know I walk for days  
I wanna waste some time  
You wanna be so mean  
You know I love to watch  
I wanna love some more  
It'll never be the same  
A broken heel like a heart  
I'll never walk again  
Yeah!

I need la la la la la la la  
I need ooh la la la la la  
I need la la la la la la la  
I need ooh la la la la la  
I need la la la la la la la  
I need ooh la la la la la  
I need la la la la la la la  
I need ooh la la la la la
