

Tiptoe

Goldfrapp

U feel good, u feel right
You're so good
U feel good, u feel right
You're so good

Tiptoe, over me, tiptoe
Tiptoe, over me, tiptoe

U feel good, u feel right
You're so good

Tears start over nightly
Go away, tears start over
Here over you, tears start over
Tears start, tears start over you

U feel good, u feel right
You're so good

Tears start, over, here over you
Tears start over, tears start
Tears start over (Go away)
Here over you

Tears just started over you
But I'm not over you
Tears start over you
Tears just started over you
But I'm not over you
