

# Shit Yourself

Goldie Lookin' Chain

Because I shit myself, yes I shit myself, because I got wrecked  
up  
and then I shit myself.

Because I shit myself, yes I shit myself, because I got wrecked  
up  
and then I shit myself.

Ah..

Don't front, you better check your back  
How can you be down when your pants are full of cack?  
You thought you'd fart, the shit did dart  
The mouth of the ringpiece was fuckin torn apart

It's not your fault, you thought you'd be ok  
Cos every motherfukcer farts at least twice a day  
In public or at home in the bath  
those little brown bubbles always make me fuckin laugh

But right now, you use a scarf  
To wipe the shit that made Mike Balls laugh  
He said "Oh son, you fukcin drew mud the next thing I know my  
ringpiece starts to cough up blood"

Because I shit myself, yes I shit myself, because I got wrecked  
up  
and then I shit myself.

I grab the mike, I never put it down  
My ringpiece stretches, I start to frown  
I'm feelin' shitty, my arse is going mad  
I'm fukced up from a curry I had

It was too runny, too much fukcin cream  
My ringpice starts to stream  
It goes down, the back of my leg  
Next thing I know I'd be better off dead.

Because I shit myself, yes I shit myself, because I got wrecked  
up  
and then I shit myself.

It wasn't fun, I had a bad bum  
It's not good, when you gets the runs

You know you shit yourself, you know you shit yourself  
Don't do it cos you fuckin stink
