

## Air-hostess Song

Gomez

She had perfect eyes  
That's all she had  
And in the these perfect skies  
Makes you glad

She has alibis  
And they're not bad  
And in these perfect skies  
Makes you sad

Makes you sad  
Makes you sad  
Makes you sad  
Makes you sad

She had perfect eyes  
That's all she had  
And in the these perfect skies  
Makes you glad

We're all here on faith  
The air tastes bad  
Far from perfect skies  
Is all you had

Is all you had  
Makes you sad  
Makes you sad  
Makes you sad

I don't want no grace  
Just a smile, just a smile  
Put me in my place  
With a smile, just a smile

I don't want no grace  
Just a smile, just a smile  
I don't want no grace  
Just a smile

Make you glad  
Make you glad  
Make you glad
