

# Here Comes The Breeze

Gomez

Here comes the breeze  
Come on blow me out  
Lying in the sea  
Come on soak me out

Reel in the feeling  
Making our way through the storm  
Reel in the ceiling  
Making our way through the storm

All we needs a little more to  
Send a little message to you  
Gonna get out of here  
Send a little message to you  
Gonna get out of here

Here comes the air  
Come on blow me out  
Honest and fair  
Come on grow me out

Staring at nothing  
'Cause I can't make out what it is  
Searching for something  
But I just don't know what it is

All we needs a little more to  
Send a little message to you  
Gonna get out of here  
Send a little message to you  
Gonna get out of here

Well come on in  
Come on in and lay me down now and relax  
'Cause the world will collapse with you  
Turn the red light into blue

Why do you keep running around like that?  
Sit back 'cause this is gonna take a while  
There's no shame in goin' out of style  
Why do you keep running around like that?

Send a message to you  
Gonna get out of here  
Send a message to you  
Gonna get out of here

Send a little message to you  
Gonna get out of here  
Send a little message to you  
Gonna get out of here
