

## Other Plans

Gomez

Doodle your name  
into the palm of my hand  
A name so strange  
its hard to let go  
I feel summer closing in

Its no secret  
You've got other plans  
(that don't involve me)  
I'm dissapointed  
though I try to understand  
why  
I understand  
why  
it is

passing notes and glances  
keep your eye on the ball  
but the door you can't wait to walk out  
Im the only one who doesnt wanna leave

Its no secret  
I know you've got other plans  
(that don't involve me)  
Just cause he's closer  
I would walk a hundred miles  
or more  
If you would only  
let me in

Your love....Your love  
my love  
you're love...you're so far away  
you're love is so far  
summers gone

Its no secret  
I know You've got other plans  
(that don't involve me)  
But I'm not givin up  
I know I still got a chance  
when  
we start over  
next year
