Since I was a child I was chased like a demon out of town
Born the second child of a leg, leg, legless hound

And I am gonna follow you around
And I am gonna follow you around
Yeah, I

I'm eagerly adopted by the darkest atmosphere
Playin' in the playground with all the, all the others, yeah

And I am gonna follow you around
And I am gonna follow you around
Yeah, I

And I am gonna follow you around
And I am gonna follow you around
And I am gonna follow you around
And I am gonna follow you around
Yeah, I
