

The Best In The Town

Gomez

Won't you set me up and show me how, it's getting late
All these people around me wear me out, can't concentrate

But it's certainly the best in the town
For today, everybody's getting down
Caught in a crossfire, nobody cares
Under the table and calling your name

Won't you tie me up and seal my mouth with gaffer tape
Because these people around, people all the time
It's not the same, not the same

But you're certainly the best in the town
Don't walk away, everybody's getting down
Everybody's getting down
Caught in a crossfire, but nobody cares
Under the table and calling your name
Through champagne and perfume, I'll see you again
See you again

Everybody's getting down
Everybody's getting down
Everybody's getting down
Everybody's getting down

Everybody's getting down
