

# All Eyes On Me

Goo Goo Dolls

Daylight burns your sleepy eyes  
And it's hard to see you dreaming  
You hide inside yourself  
I wonder what you're thinkin'  
And everything you're chasing  
It seems to leave you empty

And I won't take long to burn  
All eyes on me  
Through the nothing that you've learned  
All eyes on me  
And the things you choose to be  
All eyes on me

But your eyes look away  
It's so hard to be someone  
Strung out from today  
And all that you knew slips away

You drown in deeper oceans  
Inventing new religions  
They smile and stab my back and  
I lie and have to laugh

And I won't take long to burn  
All eyes on me  
Through the nothing that you've learned  
All eyes on me  
And the things you choose to be  
All eyes on me

But your eyes look away  
It's so hard to be someone  
Strung out from today  
And all that you knew slips away

And you hide in your room  
And the lights turn away  
And you move from the truth  
It's all so far from you
