

Autumn Leaves

Goo Goo Dolls

In the trees
The autumn breeze
The winter's cold
But summer's soul is underneath
The sun is low
The heavy sky
I sometimes watch it 'till it sinks below the tide

So I wait
So I wait

The sun is low
The heavy sky
I sometimes watch it 'till it sinks below the tide

Life is change
We move on
And where you go I hope the summer goes along

So I wait
And I wait

And in the trees
The autumn breeze
The winter's cold
But summer's soul is underneath
The sun is low
The heavy sky
I sometimes watch it 'till it sinks below the tide

Life is change
We move on
And where you go I hope the summer goes along
So I wait
And I wait yeah

Life is change
We move on
And where you go I hope the summer goes along
