

Money, Fame & Fortune

Goo Goo Dolls

I was drawn to your light
I'm a fire you ignite
We are stained, but we're pure
In this beautiful world

When the lines are blurry
And they're tearing at your heart
You don't have to worry
Cause I loved you from the start

Running from the light
Run until we're lost
Strangers in the night
Strangers 'til we touch
You've got everything I need
Cause you're everything I'm not
You're the money, fame and fortune
The only thing I want
You're the money, fame and fortune
The only thing I want

Light me up, I will blaze
Like a soul that you saved
Put my past in the flames
Don't you know I can change

Let it burn to pieces
Cause it takes away the pain
We were born in ashes
Now we're innocent again

Running from the light
Run until we're lost
Strangers in the night
Strangers 'til we touch
You've got everything I need
Cause you're everything I'm not
You're the money, fame and fortune
The only thing I want
You're the money, fame and fortune
The only thing I want

Don't you know you're incredible
Chemical, physical
Yeah, I'm shaking to my bones
Yeah, I'm shaking to my bones

Running from the light
Run until we're lost
Strangers in the night
Strangers 'til we touch
You've got everything I need
Cause you're everything I'm not
You're the money, fame and fortune
The only thing I want

Running from the light

Run until we're lost
Strangers in the night
Strangers 'til we touch
You've got everything I need
Cause you're everything I'm not
You're the money, fame and fortune
The only thing I want

You're the money, fame and fortune
The only thing I want
