

No Way Out

Goo Goo Dolls

I've been around
And I realize it's always the same
All the time
And I realize it's all been unchanged
What I find
And you realize there's no one home
There's no way out
When you realize you're all alone

Some say, there's no way out
Here today, there's no way out

Every time I'm walking down by Delaware Park
You rarely hold my hand when it's after dark
And all of the places that we go and the things that we have seen

[Chorus]
There's no way out
There's no way out

Some say
And you realized that time goes by
And I'm still in the way
And you realized you're still alive
Alive today
And you realize you're not gonna die
Ever the same
And you realize the sun goes by

Some say, there's no way out
Here today, there's no way out

Every time I come a-knockin' at your door
You tell me to turn away, pal you're too poor
I ain't a rich boy, I've heard about all that
All the places that I go it's ching ching ching

[Chorus]

And I realize it's always the same
And I realize it's all been unchanged
And you realize there's no one home
When you realize you're all alone
(screaming throughout the above phrase)
Every time I'm waiting for you in the rain
My mom says our love is sunk in a God damn vein
I stand around and I think it's gonna work
But you look at me like I'm a jerk, oh!

[Chorus: x4]
