

Smash

Goo Goo Dolls

Hey, what are ya thinkin'
I tried to read your face
Say, say what you're thinkin'
Don't carry round that pain

Every time I see you pickin' at yourself
I love, I love when things work out

Smash, I heard ya cryin'
Seven times this year
Crash, 'cause now you're smilin'
Holdin' back your tears

Every time I see you pickin' at yourself
I love, I love when things work out
Every time I see you torturin' yourself
I love, I love when things work out

And I see it from another place right now
I'm comin' home before I hit the ground
Right back where I want to be right now

Smash
And I feel it
Smash
And I feel it
Smash
And I feel it
Right now
