Don't you ask me to come out out when the sun does shine Gonna stay here with curtains drawn in darkness you'll be mine

Let's wait for the blackout The lights are too bright Let's wait for the blackout Wait for the night

Well welcome to my basement flat No windows to see through With darkness closing in, my friend We both know what to do

Let's wait for the blackout Wait for the night
Let's wait for the blackout
The lights are too bright
Yea!

Let's wait for the blackout The lights are too bright Let's wait for the blackout Wait for the night

Come roam with me upon this earth Keep us both alive Know everything has lasted here And ne'er would survive

Let's wait for the blackout The lights are too bright Let's wait for the blackout Wait for the night

In darkness there is no sin Light only brings in fear There's n othing to corrupt the eyes
There is no vision here At first you may find it strange
But do not go away
The darkness holds a power that you won't find in the day
There is no vision here
