

Walk Away

Goo Goo Dolls

It's easy to get lost when you found freedom
Seems like you've been cast into the wild
I can see the story on your lipstick girl
It's been awhile since I have seen you smile

The way the rain collects around your shoulders
You look like an angel in the gray
No one needs to hear this more than you do girl,
I won't be the one to walk away.

Walk away, I won't walk away
There's a truth that you need to hear me say
I'll be here on your darkest day
No one said it's easier to stay
But I won't be the one to walk away.

Keep myself together for you baby
I'll be here if you should fall apart
Put you back together little daydreamer
Take the time to mend your only heart

Walk away, I won't walk away
There's a truth that you need to hear me say
I'll be here on your darkest day
No one said it's easier to stay
But I won't be the one to walk away.

It's easy to get lost when you found freedom
Seems like you've been cast into the wild
I can see the story on your lipstick girl,
It's been awhile since I have seen you smile.

Walk away, I won't walk away
There's a truth that you need to hear me say
I'll be here on your darkest day
No one said it's easier to stay
But I won't be the one to walk away.

I won't be the one to walk away.
