

Alive

Good Charlotte

I visualize the first time we're together,
I close my eyes and for a moment all I see is you,

Turn off the lights,
Don't look outside,
The world's gone crazy,
But it's perfect here with you.

I've never felt so alive,
Like I feel right now in this moment,
I've never felt so alive,
Like I feel right here standing next to you,
I've never felt so alive.

I know what you're thinking,
You think that we're different,
And my reputation, and the stories,
Well at least you know it won't get boring,
I know the one's who came before me,
Just let go as I crash into you.

I've never felt so alive,
Like I feel right now in this moment,
I've never felt so alive,
Like I feel right here standing next to you,

Heaven's heard me calling,
The stars have all aligned,
Your touch is so electric,
And looking in your eyes,
I've never felt so alive.

It's surreal,
The way you feel,
How fast my heart is beating,
And we're breathing together now.

As we float out,
Above the clouds,
I swear I'll never let you down.

I've never felt so alive,
Like I feel right now in this moment,
I've never felt so alive,
Like I feel right here standing next to you,

Heaven's heard me calling,
The stars have all aligned,
Your touch is so electric,
And looking in your eyes,

I've never felt so alive.

I've never felt so alive.

I've never felt so alive.

I've never felt so alive.
