

Hold On

Good Charlotte

This world
this world is gone
and you don't
you don't have to go
your feeling sad your feeling lonely
and no one seems to care
your mothers gone and your father hits you
its pain you cannot bear
but we all bleed the same way that you do
and we all have the same things to go through

Hold on if you feel like letting go
hold on it gets better than you know

The days are seeming way too long
and your nights, you cant sleep at all
hold on

Your unsure what your waiting for but you don't want to know more
and your not sure what your looking for but you don't want to know more

But we all bleed the same way as you do
and we all have the same things to go through

Hold on if you feel like letting go
hold on it gets better than you know
don't stop looking your one step closer
don't stop searching its not over
hold on

What are you looking for
what are you waiting for
do you know what your doing to me
your hell, what are you waiting for
