

# I Heard You

Good Charlotte

Yeah  
For all the popular kids  
Yeah listen up  
C'mon  
Get up, get up, get up

Today I screwed up again  
You said I could tell in the way  
You said goodbye

I saw you sitting at your t-shirt stand  
With your new boyfriend  
He's really cool  
I get the point

I don't want you  
(I heard you, I heard you)  
I don't  
I heard you say not a chance, what don't you see?

I don't want you  
(I heard you, I heard you)  
I don't  
I heard you say you're not good enough for me

What  
Do your thing  
C'mon

Today I screwed up again  
I wasn't paying attention  
I walked into the wall again  
I heard you laugh and saw you grin

While you were sitting at your t-shirt stand  
With all your cool friends  
They're really cool  
I get the point

I don't want you  
(I heard you, I heard you)  
I don't  
I heard you say not a chance, what don't you see?

I don't want you  
(I heard you, I heard you)  
I don't  
I heard you say you're not good enough for me

Today I'll give it one last try  
And then I know I'll wonder why  
I did it to myself once again

I saw your boyfriend he's 6'3"  
Quarterback on varsity  
The football players love to torture me

So I'm feeling like I'm not fitting in  
I know that I'm not fitting in with you  
And your stuck-up friends  
I get the point

I don't want you  
(I heard you, I heard you)  
I don't  
I heard you say not a chance, what don't you see?

I don't want you  
(I heard you, I heard you)  
I don't  
I heard you say you're not good enough for me

Go, yeah  
I heard you  
You're not good enough for me

I heard you  
C'mon  
I heard you  
I get the point
