

If You Leave

Good Charlotte

If you leave, dont leave now
Please dont take my heart away
Promise me just one more night
Then we'll go our seperate ways
We always had time on our side
Now it's fading fast
Every second, every move
We've got to, we've gotta make it last
I touch you once, I touch you twice
I wont let go at any price
I needed you now like i needed you then
Always said we'd still be friends someday
If you leave i wont cry
I won't waste a single day
But if you leave, no dont look back
I'll be running the other way
Seven years went under the bridge
Our time was standing still
Heaven knows what happens now you've gotta
You've gotta say you will
I touch you once, I touch you twice
I wont let go at any price
I needed you now like i needed you then
Always said we'd still be friends someday
Someday
I touch you once, I touch you twice
I wont let go at any price
I needed you now like i needed you then
You always said we'd still be friends someday
Oh, if you leave
Oh, if you leave
Oh, if you leave (oh tell now me you wont leave)
Oh, if you leave (oh tell me now you wont leave)
Please dont leave
