

In This World (Murder)

Good Charlotte

In this world all of our sins are simple
We choose death over innocent life
And in this world it's not our money that's evil
It's the one's who choose it over life
And in my heart I cannot believe in this murder
And I will not be fed by the lies
Or the life that's created just to be murdered
It's murder

No matter how hard they try and
No matter how loud they cry
They can't
Buy their way into heaven
No matter how hard they try and
No matter how high they climb up the ladder
They won't reach up into heaven

And they can't see
The innocent lives
The pointless suffering
And in my heart I wanna undo all this murder
And give back their innocent life
Open cages and stop their luxurious murder
It's murder

No matter how hard they try and
No matter how loud they cry
They can't
Buy their way into heaven
No matter how hard they try and
No matter how high they climb up the ladder
They won't reach up into heaven

Murder
Innocent Life
Innocent what...

What have we done?
No mercy (No matter how hard they try)
For beautiful money (and no matter how loud they cry)
Money for blood (they can't buy their way into heaven)
It's murder

No matter how hard they try and
No matter how high they climb up the ladder
They won't reach up into heaven
No matter how hard they try and
No matter how loud they cry
They can't
Buy their way into heaven [Fading away]
