## Seasons

## **Good Charlotte**

Summer air reminds me of All the feelings of your love And what it was like When we were together Walking all along the beach You were never far from my reach And you held me Through the stormy weather And I I wanna fall in love Tonight And I Remember when you said Everything Is gonna be alright Laying in the summer grass You told me not to talk so fast as I told you How I feel You made me feel right at home You told me I was not alone And you knew Just how I feel I know we talked about it I just can't get around it I just want one more night with you Т I wanna fall in love Tonight And I Remember when you said Everything Is gonna be alright October air reminds me of All the seasons of your love And what it was like When we were together The smell of fall is everywhere And though it seems I just don't care 'cause now You've gone away Т I wanna fall in love Tonight Ι Remember when you said Everything Is gonna be alright (alright) I wanna fall in love I wanna fall in love Tonight
