

Superman Can't Walk

Good Charlotte

You call yourself a Lois Lane, and you're in pain, and I'm insane
You don't want my help, you don't need my help
I watch you fall down from the sky, I'll just sigh
Who is gonna save you
Yeah I've heard the talk
Superman can't walk
Who is gonna save you, when your Superman can't walk
I saw him just the other day, in physical therapy
Sitting in a wheelchair, you know I had to stare
And all your friends they think I'm sick, they think that I'm insensitive
They don't like the fun I'm poking, don't they know I'm only joking
Yeah I've heard the talk
Superman can't walk
Who is gonna save you, when your Superman can't walk
Call me what you will....I'm Dr. Evil
Call me what you want, but Superman can't walk
And all your friends they think I'm sick, they think that I'm insensitive
They don't like the fun I'm poking, don't they know I'm only joking
Yeah I've heard the talk
Superman can't walk
Who is gonna save you, when your Superman can't walk
