## **Beat The Meat**

## **Good Clean Fun**

You sit and face your final meal, you'll be the first to blink A reminder that you're still alive Frightened of this thing you feel but still you start to think What price for you to survive?

Join us! We need all the help we can get Together! We'll hedge our karmic bets Join us! Self-righteousness is fun Together! We'll convert everyone It's time we all saw the truth

I can't believe we've come so far, there's so much more to go And it looks like things are up to us It doesn't matter where you are, it only matters what you know It's time we said enough's enough

Speaking for a species that can't speak I'm talking about the slaughter of the innocent and the weak I call it a crime and now it's time to make a change You know we're ready to rearrange I'm on one mission, to kill an old tradition Make a meat-eater like a black and white television It's time to take the dying out of what we eat So get out of your seat Because it's time to beat the meat
