

Today Was A Positive Day

Good Clean Fun

Woke up to live my life, just like every day,
Jumping out of bed cause there are good things on the way,
A positive feeling in my heart, I knew I couldn't fail,
And the records I had ordered finally came in the mail,
So angry kids, go away,
No negativity today,
Every little thing seemed to go my way,
I gotta say it was a positive day,
Telephone's ringing, I've got it made,
Got a call from a girl that I've had a crush on since the first
grade,
Everything's going perfectly, that's what it's all about,
And not a single straight edge kid has sold out,
Got to the show, it started on time,
And no one on the guest list cut in front of me in line,
Five dollar door, I had money to spare,
The bands were ALL GOOD and my friends were ALL THERE,
Everyone dancing and no one got hurt,
And even the tough guy kept wearing his shirt,
And since a positive outlook is leading the way,
I'm sure tomorrow will be as positive AS TODAY.
