```
I
suffer you so easily
we
we disagree
I
I think it's good to disagree
you
are always saying that

we are not the same (2x)
and it's making things so difficult (4x)

I
suffer you because you're beautiful
you're

I
don't agree with your opinions
about politics religion or anything

we are not the same (2x)
and it's making things so difficult (4x)
