

# Come As You Are

Goodie Mob

Can you feel it in the air tonight?  
It speaks to the very soul  
It doesn't matter where you've been  
A time to dance is growing near

Come, come, come  
Come, come, come  
Come as you are  
Come as you are  
Come as you are  
Come as you are  
In the darkness the body's a star  
Come as you are, as you are  
In the darkness your body's a star

Imagine the [?] to see you're fine  
This is what our freedom is  
Your heart and soul will suffice

Come, come, come  
Come, come, come  
Come as you are  
Come as you are  
Come as you are  
Come as you are  
In the darkness the body's a star  
Come as you are, as you are  
In the darkness your body's a star

In front of the fire and the stars above  
Then we should all take an oath in blood  
Now you are one, you are one, you are one  
You are one, you are one, you are one

Come, come, come  
Come, come, come  
Come as you are  
Come as you are  
Come as you are  
Come as you are  
In the darkness the body's a star  
Come as you are, as you are  
In the darkness your body's a star
